Sättele GmbH & Co. KG, Todtnau / Germany - The Brush Specialists

Brush solutions for your applications

Owing to their product mix width and depth, Sättele GmbH & Co. KG are in a position to manufacture brushes in both large and small batches, e.g. strip, disc and cylinder brushes, as well as belt, head and vacuum cleaner brushes, and thereby to satisfy customer requirements in the investment and consumer goods industries, and the skilled trades.

Broad technical and expert knowledge supported by a modern machine park allow for rational production. Short delivery times and superior product quality paired with optimum cost-efficiency ratio make Sättele GmbH & Co. KG a dependable and reliable partner in trade and industry.
